**ADA
Pull handle
&
Thumbturn**

www.luter.com.tw

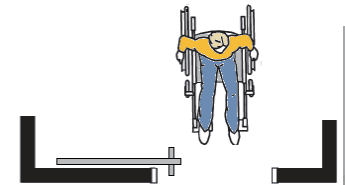

Luter has dedicated to producing architectural hardware products for many years. Since we noticed that not only those people who have mobility problems but also there is a growing number of aging population in most countries. It represents that the demand of ADA capabilities will increase gradually in the future.

ADA (American with Disabilities Act) was published in 1990 and it became the law to make sure that those people with disabilities wouldn't loss their right. The purpose of the law is reducing the possibilities of discrimination that could have happened to them in all areas of public life.

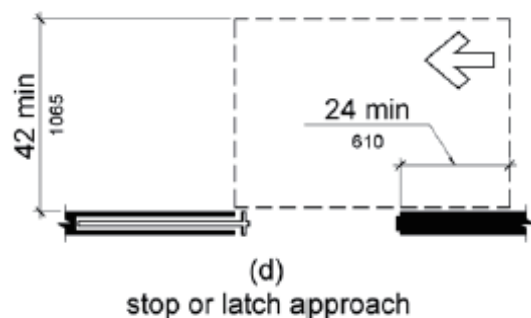

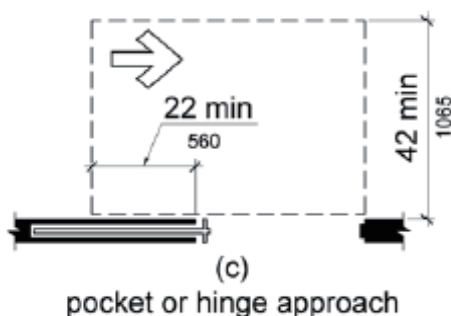

Considering the above, Luter launch a series of product which reach ADA standards and meet the requirements. Such as Overhead Holders & Stops Vertical Rod Exit Device, Mortise Hook Lock, Hospital Push/Pull Mortise Lock & Latch, Door Closer, Pull Handle & Thumbturn.

We expect for the cooperation with you to create a friendly, humanistic and kindly environment for any people who is physically challenged

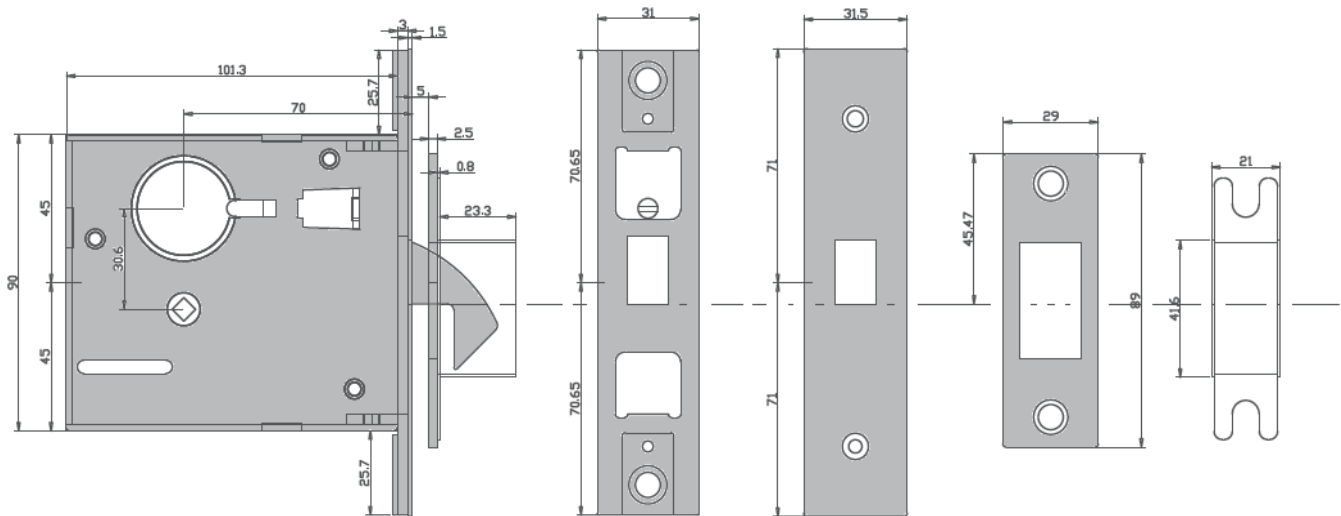

Guidance on the 2010 ADA Standards for Accessible Design

Lever Spindle	8 x 8 mm square
Handing	Specify handing for privacy function

D810 SERIES MORTISE LOCK WITH 700 ADA PULL HANDLE FUNCTIONS

D810-DH ADA 700PH - 01 ENTRY SET

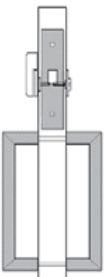

Includes :
D810-DH-17 Mortise Hook Lock
700-TT Thumb Turn
Pair of 700 Pull Handle.
Mortise Cylinder.

D810-DH ADA 700PH - 02 DOUBLE CYLINDER SET

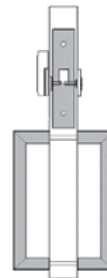

Includes :
D810-DH-16 Mortise Hook Lock

Pair of 700 Pull Handle.
Mortise Cylinders.

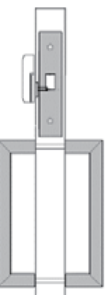

D810-DH ADA 700PH - 03 PRIVACY SET

Includes :
D810-DH-19 Mortise Hook Lock
700-TT Thumb Turn
Pair of 700 pull Handle.

D810-DH ADA 700PH - 04 PRIVACY SET WITH INDICATOR

Includes :
D810-DH-19 Mortise Hook Lock
700-TT Thumb Turn
Pair of 700 pull Handle.

D810-DH ADA 700PH - 05 THUMB TURN SET

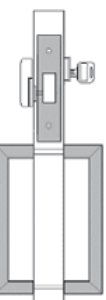

Includes :
D810-DH-45 Mortise Hook Lock
700-TT Thumb Turn
Pair of 700 pull Handle.

D810-DH ADA 700PH - 06 SINGLE CYLINDER SET

Includes :
D810-DH-18 Mortise Hook Lock

Pair of 700 pull Handle.
Mortise Cylinder.

D810-DB ADA 700PH - 01 ENTRY SET

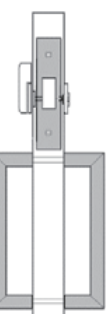

Includes :
D810-DB-17 Mortise Hook Lock
700-TT Thumb Turn
Pair of 700 Pull Handle.
Mortise Cylinder.

D810-DH ADA 700PH - 02 DOUBLE CYLINDER SET

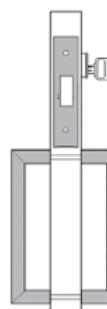

Includes :
D810-DB-16 Mortise Hook Lock

Pair of 700 Pull Handle.
Mortise Cylinders.

D810-DB ADA 700PH - 03 PRIVACY SET

Includes :
D810-DB-19 Mortise Hook Lock
700-TT Thumb Turn
Pair of 700 pull Handle.

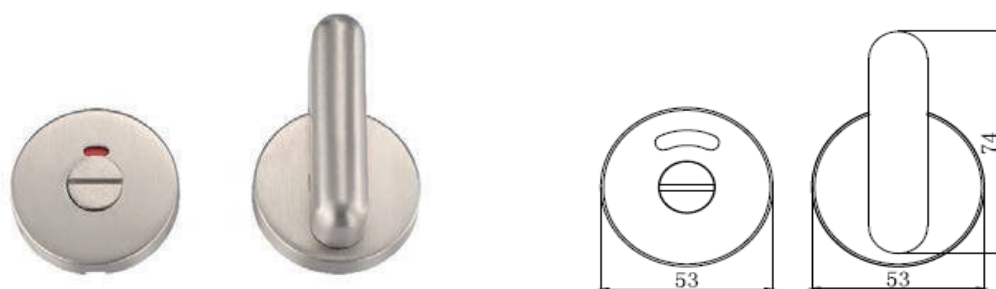

D810-DB ADA 700PH - 06 SINGLE CYLINDER SET

Includes :
D810-DB-18 Mortise Hook Lock

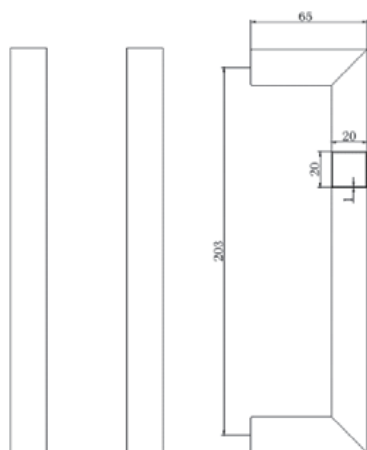

Pair of 700 pull Handle.
Mortise Cylinder.

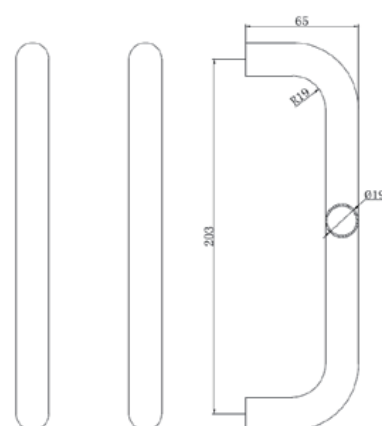

700 - TT Thumbturn

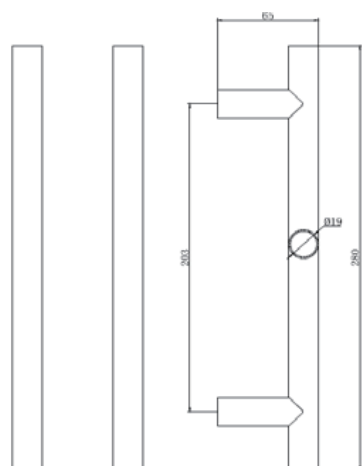

700 - 10 Pull Handle

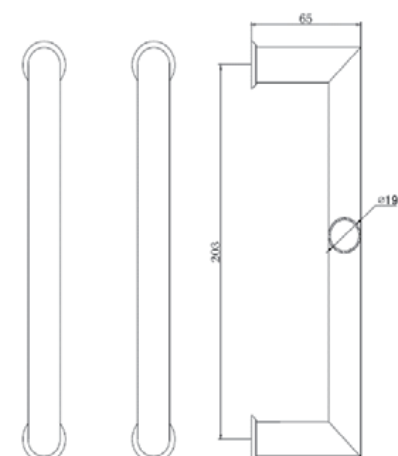

700 - 13 Pull Handle

700 - 11 Pull Handle

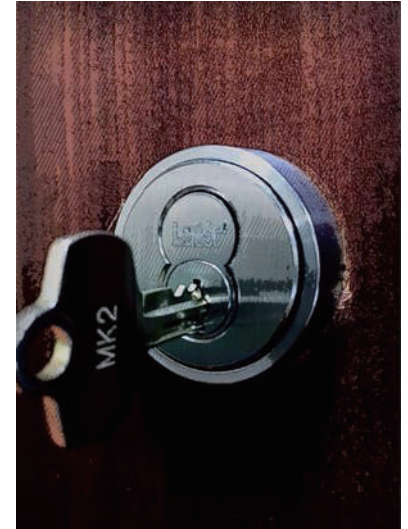

700 - 14 Pull Handle

Luter's SFIC & LFIC locks come in 6 and 7 pins versions and can use the same key for either(KA), this allows up to 10,000,000 distinct keys per keyway(KD).

The control key (cut out the same blank and otherwise indistinguishable from a regular key) turns to degrees clockwise to disengage a retaining tab that locks the core in the housing.
The core pulls out while the housing stays in place in the door.

SFIC

Small Format Interchangeable Core

LFIC

Large Format Interchangeable Core

Keys

Rekeyable & changeable 5 pin , 6 pin , 7pin. Nickel Silver key with 3 keys.
With over 10,000,000 Codes available, easy re-key gives this Core the rsatility and Flexibility in any security applications.

SFIC Mortise Cylinder Housing

Length : 35mm (for 7 pins)
32mm (for 6 pins)

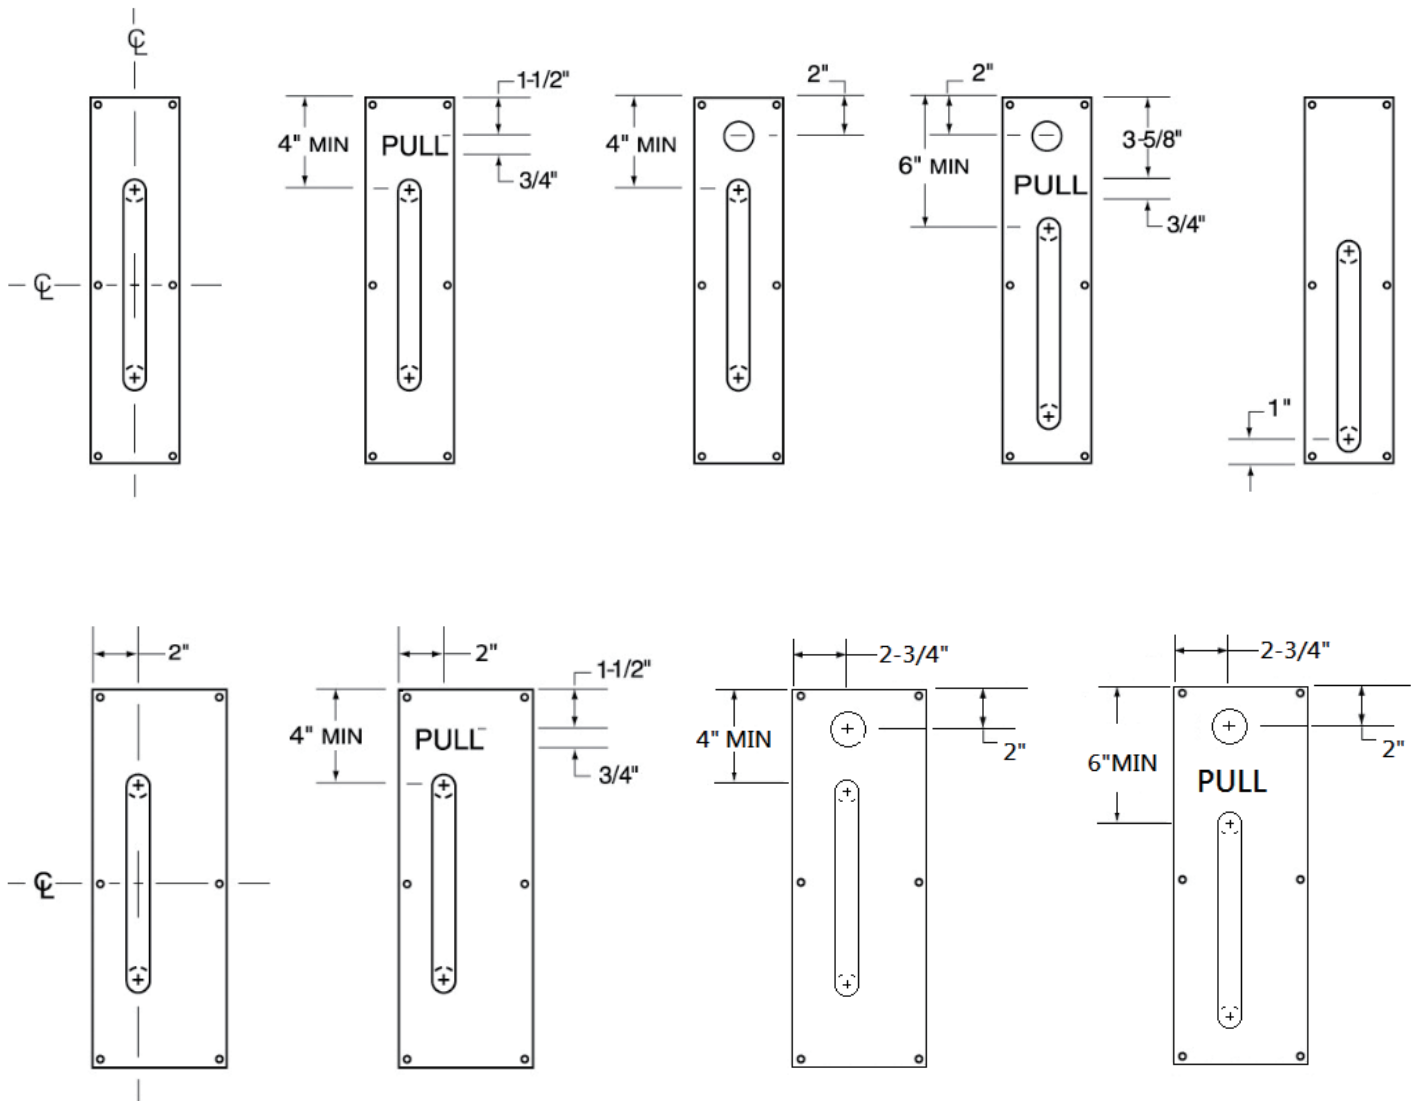

LFIC Mortise Cylinder Housing

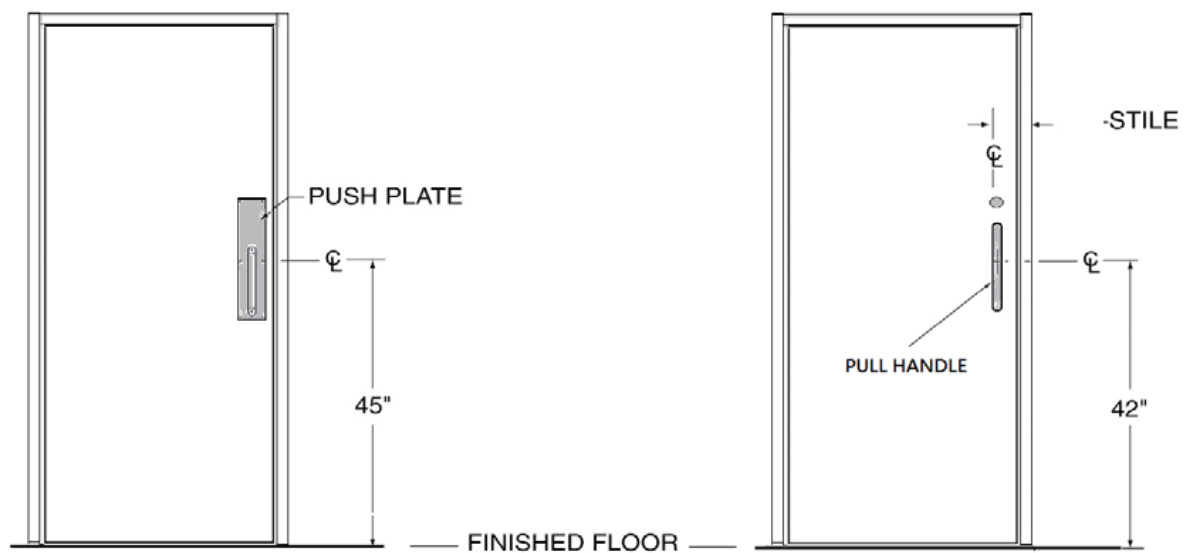

Length : 40mm (for 6 pins) only

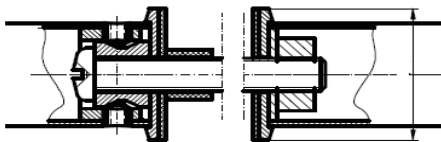

Pull Positioning on Plates 4" or Less in Width:
